

Wonderland Acres Domestic Water Improvement District

Board Meeting

June 4, 2025

- 1) The meeting was called to order at 5:30 pm with all board members present. Trevor Deming and Stephanie Irwin were also present.
- 2) There were no requests for call to the public
- 3) The minutes of May 14, 2024 were approved.
- 4) The financial report was approved.
- 5) The water operator reported that everything is in good condition and operating smoothly.
- 6) The results of PFAS testing were discussed along with possible mitigation plans and future improvements. The district is working with the Arizona Department of Environmental Quality and a contract engineer to determine the best path forward to reduce PFAS to acceptable levels. ADEQ is funding the engineering costs and funding is available for the needed improvements.
- 7) Customers are reminded to submit their service line materials to the office. We have never detected lead in our system but are following the ADEQ requirements on reporting and creating an inventory.
- 8) The meeting was adjourned at 6:00 pm and was followed by the annual neighborhood potluck.

Respectfully submitted,

Stephanie G Irwin CPA
