4. The financial statements were reviewed and approved unanimously.
5. Water operator report: Barry Harville reported that the system is running well.
6. Public hearing was held on the proposed new water rates. It was discussed that rates have not increased since 1999 and expenses have gone up tremendously. 7. Discussion was held on customer responsibilities regarding easement access, required stop and waste valves, and restraint of dogs. The board reminded everyone in attendance that the water operator needs to have 24/7 access to all water lines and meters. In the event of an emergency, anything blocking meters or easements will be removed and not replaced.
8. The annual neighborhood potluck followed.
9. Meeting was adjourned at 6:00 pm.

Respectfully submitted,
